

# LED PANEL LIGHT

## Waterproof Panel Light LVA/3030/6060PL-U

Luvia Lighting Concepts waterproof panel is a complementary for the existing panel version, normally used to replace grid lamp in damp locations.

IP54 waterproof structural design, high lumen SMD LED chip and external driver in top branded component make it competitive.

The ultra slim profile fits seamlessly into any workplace. It is available in various installation ways: embedded into ceiling, suspended with hanging wires, surface mounted in a concrete ceiling by using surface mounting frame.

Application: Ideally used for various commercial and residential lighting applications, especially for damp location.

Model	Voltage	Power	Non-DIM Lumen (±5%)			
			3000K	4000K	5000K	5700K
LVA/3030PL-18W-U	AC100-240V	18W	1220	1270	1350	1300
LVA/6060PL-45W-U	AC100-240V	45W	3020	3310	3400	3240
